6 Series Wide Body Std

Refrigeration Specifications:

- ◆ A 2-door access pass through interior thermostatically controlled to maintain a temperature of 34 degrees F or lower if desired.
- ◆ Stainless Steel liner with drains located on the floor for easy cleanup.
- ◆ Cooling provided by an over the road refrigeration system with an engine mounted compressor and dual fan evaporators.
- ◆ Superior temperature retention due to expanded polyurethane foam insulation.
- ◆ Lightweight seamless fiberglass body with UV resist marine grade gel coat.
- ◆ Product can be loaded and unloaded from ground level through 3 door access.
- ◆ Interior dimensions are 21" wide, 27" high and 76" deep with dual 10" fan evaporators.

Oven Specifications:

- ◆ Stainless Steel convection holding oven with 2-door pass through interior thermostatically controlled to maintain temperatures in excess of 185 degrees F.
- ◆ Heating is provided by a ceiling mounted blower system, coupled with a series of integrated coils and hoses which originate from the vehicles existing cooling system.
- ◆ Interior dimensions are 38" wide, 24" high and 76" deep.

Optional Features

- ◆ *Custom Shelving*
- ◆ *Stainless Steel & Aluminum drawers for easy access & product display*
- ◆ *Back-up Alarm*
- ◆ *Heavy Duty Chrome Handles with Built in Lock*
- ◆ *Secure Idle*
- ◆ *Graphics to maximize advertising*
